Caritas in Veritate

29 June is the anniversary of the publication in 2009 of *Caritas in Veritate*, by Pope Benedict XVI. There is so much to reflect on in this long and powerful encyclical which followed the financial crash of 2008. Pope Benedict's call is for us to see the relationship between human and environmental ecologies and to link charity and truth in the pursuit of justice, the common good, and authentic human development. Why not have a look at paragraph 45 on the need for a people-centred, ethical economics?
